Souq Waqif

Stroll past porters pushing wheelbarrows overflowing with fine silks. Squeeze through small alleyways to discover secret vendors. Souq Waqif is a deeply sensory shopping experience, from whiffing fresh spices and fragrant shisha to an encompassing kaleidoscope of colours.

The traditional marketplace, located in central Doha, is an heirloom dating back over a century. Bedouins and locals once met here to trade everything from teas to livestock, making the bazaar both a historic and cultural landmark.
